a note from OUR FOUNDER

At Boxes of Goodness, every gift tells a story—of joy, intention, and impact.

In 2025, our mission remains rooted in creating gifts that delight the recipient while empowering the maker.

Each Box Of Goodness brings together products from purpose-led brands such as women-led enterprises, sustainable innovators, and local artisans preserving traditional crafts, all chosen with care and conscience.

This year, our collections are more thoughtful than ever. Whether you're celebrating life's big milestones or the quiet everyday wins, we've designed gifts that honour each moment with beauty and meaning.

To our returning clients, thank you for walking this journey with us – you make our impact possible. And to those discovering us for the first time, we invite you to experience a different kind of gifting: one that gives back, stands out, and stays remembered.

Let's continue to choose gifts that reflect not just generosity, but goodness – goodness to our planet and to the communities we hope to empower.

Warmly,
Namrata Tanna
