GIFTS THAT GIVE BACK

A NOTE FROM OUR FOUNDER

At Boxes of Goodness, we are deeply committed to the idea that gifting can be a powerful tool for positive change.

This Diwali, we invite you to join us in celebrating the values that make this festival so special - compassion, generosity, and community.

Our pre-curated Diwali catalog is a reflection of these values. It features a range of exquisite luxury gifts, each with a unique story and a commitment to social and environmental responsibility.

With every gift you choose, you are not only delighting your colleagues, clients, and partners but also making a meaningful impact on the lives of artisans and communities across India.

Thank you for being a part of our journey of goodness. May this Diwali fill your lives with abundance and your hearts with warmth!

Best Wishes,
Namrata

With 10+ years of experience in the non-profit sector & 6 years of corporate experience, our founder Namrata Tanna started a women's empowerment social enterprise in 2018, under which she runs the brands - Cooked by Moms & Boxes Of Goodness.
